Subject: Bill 13

Good Morning,

I am in Support of Bill 13.

My family business has recently relocated across the street from a strip of tents belonging to the homeless.

Although I have sympathy for many that are without shelter, I feel that Bill 13 is necessary protect myself, my family, our clients and neighbors in our community.

This area is not that of families or normal functioning community members.

Our neighborhood is over run by the same group of dangerous persons whom keep setting up shelter on the same street.

By observation, I believe they are dealing drugs in our neighborhood. I've spoke to many neighboring businesses and employees whom are aware of the situation and are also afraid for their safety.

I see the city and state exhaust their resources tirelessly. Every Monday the City removes the bulky sheds built with stolen pallets from our neighborhood. It only takes a few hours for it to be built back up. The police stop by almost on a regular basis because of problems that occur on our street.

Our last business location was only 3 blocks away. We currently have over 300 students that attend our classes weekly including men, women and children. We will open our new location this week and I fear for their safety.

Our neighboring businesses, their employees and customers have been stolen from, physically threatened, assaulted and recently a younger looking female whom seemed to be mentally ill, on drugs or both, tried to take my 1 year old daughter from my vehicle. If it weren't for two men present whom pushed her back from the car I don't know what would have happened. I have observed what looked to be drug pick ups, heard women screaming and fighting across the street from our business the street for hours at a time. I've seen 5 men hovering around a tent then the smell of smoke of what I believe to possibly be ice. Just last week I called the police because I saw a man walking in front of me reach into his pants from the knee area upward toward his underwear, pull out a plastic bag and throw it in a bush in a panic because a police SUV was approaching. Upon closer look it looked like a plastic ziplock bag with a runner and what looked to be the drug called ice.

MISC. COM. 754

COUNCIL

I have recently stopped by and spoken to all of the businesses in our complex as well as many of the businesses in Kapalama Shopping Center and Waikamilo Shopping Center. I spoke to them about my concerns as listened to theirs. It was so troubling to hear so many stories and that so many shared my same concerns. I started a petition in order to voice our joint concerns. So far I've spent only a few hours and stopped at 3 businesses not included in our 3 complexes and I've shockingly had a 100% participation for all those that were able to sign, I collected over 100 signatures from business owners, employees and customers. The only persons that did not sign was not because they did not support the bill, but the fact that they were on the clock and we not allowed to sign due to corporate policy. 100% support is a very clear cry for help. We are business owners, we are employees, we are customers, we are families, we come from many different backgrounds, we all come from different neighborhoods and we are all asking for your help to protect us and our community.

Sincerely,

Tiffany Lizares
Technics Jiu Jitsu
1222 Kaumualii St

I am in favor of supporting the City & County of Honolulu's Bill for Ordinance, Bill 13 (2017)
also known as the "Sit-lie Ordinance."
